

# MILWAUKEE BREWERY MILLERCOORS AWS COMMITMENT

I commit to supporting MillerCoors Milwaukee Brewery's pursuit of responsible water stewardship. I will support the site's efforts to achieve the outcomes of overarching water stewardship excellence and moreover in the areas of water governance, water balance and efficiency, water quality and health, water reuse, waste water and discharge, as well as all important water related areas. I will respect and promote the right of on-site workers to have access to clean, safe water, adequate sanitation and hygiene. I commit that the site will attempt to engage stakeholders throughout its efforts in an open and transparent manner and that the site will comply with all legal and regulatory requirements as well as respect legal and water related rights and relevant water related national and international treaties. I will coordinate with and support public-sector agencies in their efforts to encourage water related planning and implement appropriate water related policies. I will support the site's efforts to continually improve and adapt its water stewardship actions and plans and ensure that there is sufficient organizational capacity to successfully implement the AWS Standard. I commit to disclosing appropriate and material water related information to all relevant audiences in an appropriate format. Lastly, as an extension herein, I also commit to promoting in policy and practice, the overarching water stewardship goals and policies as adopted in their most recent form, by MillerCoors as a corporate entity.
